CSRB Meeting Minutes
General Meeting – 02 November 2013
Pueblo West Fire Dept.
Pueblo West, CO

Meeting Opened at 1202 hrs.

Introductions

Thanks to Pueblo County and Pueblo West FD for hosting the meeting.

Resources and State Coordinators

48 calls with 23 incidents. Large increase in PLB calls. There was a coordinator meeting prior to this meeting. The MOU is still out.

Standards

ASTM – Meeting next week at ITRS

FEMA – Typing in process

Legislation Updates

Howard Paul – nothing specific for SAR in 2014. EMS bill covering confidentiality in patient assessment.

CSRB Increased Awareness Program

Great job on the newsletter. Let Don Davis know if there are any issues on the web site. Please sign up for the listserver, if you have done so, and get you teammates signed up. Howard Paul is putting articles up on Facebook.

Database – need more info from teams/members. Will be incorporated into the website.

Let us know how the conference call is working out for you.

Training Report

Leonard Ginther – MLSO – 2 classes coming up. Jan 18/19 and 26/26 in Larimer County. Mar 8/9 and 16/16 in El Paso County.

Plans Section Chief (PSC) – Trying to get a class going.

Speaker Bureau – Been all over. Los Animas, Hinsdale. 3 in each place over two evenings.

Update from BOD Meeting

Budget handouts are on the back table. Bylaws were written in 1972. We are working on a re-write. Went over training, meeting dates/methods. Next County Sheriff of CO (CSOC) – we want an hour during their two week conference. Woody Woodward discussed the data archive.

Elections

6 positions coming open. Must be a team rep or associate member. Dave Hake announced he will not run again.

Dues

Need dues paid on time. New form to be filled in for only one category.

Organizational Reports

MRA – regional meeting in December. National in Feb.

SARDOC – Been getting calls directly. They want CSRB to be called. 17 operational dogs. Several in testing.

SARDUS – Credentials have been submitted and Workers Comp has been obtained. Not the primary unit in Boulder County.

Trackers – RMT – we are in the Speakers Bureau. Hold monthly practice in Larimer County and in Teller County.

SARCON

Soliciting input from teams on what they want

SAR Fund

Bruce Fosdick – This year, the grant input and the reporting input are the same (4/1). You need to have bot to DOLA in Denver by then.

Communications

There is communications training in the Speakers Bureau. Team radios are being found to not have the CSRB repeater programmed in. Make sure they are if you want to use the portable repeaters. Some entities are pulling out of the digital 800 Mhz DTR system.

CSRB Long Range Plan

SARCON/SARMA – Howard Paul is working on trying to get the NASAR conference held in 2015 here in conjunction with SARCOM and MRA. They are holding a combined conference in NJ in 2014. Last year went very well w/MRA. Discussed the planning and what he is doing. A taskforce is working on plans and the future.

Meetings – want to get the language out of the bylaws restricting the meeting dates.

Telcom support – Pueblo worked on getting this for this meeting. Well done.

Bylaw updates – Cavanaugh O’Leary and Paul “Woody” Woodward are working on it.

Other Business

Thanks to Kim and Brenda Veitch, Pat Mitchell, and any others that helped for the food for the meeting.

Smart Phones as Avy becons/receivers were discussed. There are a lot of problems and all agreed they would not trust their lives with it.

PLB coordinators are coming in formats that some are not familiar with or does not work with the SO CAD systems. There is a flyer on the CSRB website.

Mission Reports/Lessons Learned

Fremont – mushroom hunters with no clue they were being looked for. 27 missions – out 31 days. Roadblocks for fires. Urged to take class on traffic control.

El Paso – Mtn biker should have used Hug A Tree. Husband tracked her bike tracks.

Pueblo – anyone hear about the Forest Service closing areas due to too many missions in the area?

Larimer – 82 so far.

Douglas – lot of out-of-county calls.

RMR – Lot of areas stilled closed from the flooding. Developing lessons form the flooding.

CAP – 6 sorties per day over the flood areas.

Meeting adjourned at 1451.

Respectfully Submitted
Dan Remsburg
CSRB Secretary

Next Meeting: Saturday, January 4, 2014. Alpine Rescue shack. 1200 noon. Will have a guest speaker.
